MIAMI
REGIONALS

HAMILTON
MIDDLETOWN
WEST CHESTER
E-CAMPUS

**MAKE
YOUR OWN**

PATH.

IT'S YOUR TIME. IT'S YOUR CHOICE.

At Miami Regionals, we provide in-demand academic options, superior student support services, and a vibrant campus life - all this so you can create your own experience to meet your educational and career goals. What's more, we offer complete degree programs on campus and online to propel you forward. Or start any one of more than 100 majors that can be completed on our main campus in Oxford, Ohio.

Today's college student is more unique, more motivated, and demands more flexibility in a busy world. We offer something different. A world-renowned liberal arts foundation with state-of-the-art applied learning. This is the time. Miami Regionals is the place.

***You make the path.
We make it possible.***

**CHANGE YOUR
LIFE IN A
MAJOR
WAY.**

A Miami University education is built on a proven foundation of liberal arts. Because we don't believe in just preparing you for today - we believe in preparing you for life. You'll leave here with a greater understanding of the community around us, a stronger appreciation for arts, technology and sciences, and a global perspective on people and places - what makes us similar, what makes us different. You'll learn to think critically, reason effectively, research and explore new opportunities, and communicate clearly. No matter your life path, your age or your background. No matter where you go or what you do. You'll be prepared to meet any challenge.

There are a few things you can always count on.

**A MIAMI DEGREE IS
ONE OF THEM.**

BACHELOR'S DEGREES

> **Applied Social Research**

Impact your community, nation, and the world through research and analysis.

> **Civic & Regional Development**

Take action and take the lead in non-profit, government, and agency administration.

> **Communication Studies**

Employ effective communication as the key in every organization's success.

> **Community Arts**

Influence the arts and culture in your community and beyond.

> **Criminal Justice**

Enforce the law and influence positive change within communities.

> **Engineering Technology**

Analyze, synthesize, and solve technical problems through one of three concentrations.

*Electro-Mechanical
Electrical & Computer
Mechanical*

> **English Studies**

Develop the highly valued skills of analyzing complex texts, evaluating and using research, and communicating effectively for multiple audiences.

> **Forensic Investigation**

Employ high tech investigation skills to solve crimes.

> **Forensic Science**

Analyze evidence through chemistry and science and uphold the law.

> **Health Communication** 

Improve individual and community quality of life using effective communication to promote individual health decisions and overall health outcomes.

> **Health Information Technology**

Acquire and direct the flow of information within the healthcare industry.

> **Information Technology**

Create and build a unique IT pathway to fit industry demand or forge ahead.

> **Integrative Studies**

Choose from a variety of unique concentrations or create your own path.

> **Liberal Studies**

Use your accumulated credits to create a quicker path to bachelor degree completion for career advancement.

> **Nursing**

Care for individuals, families, and communities promoting optimal health and quality of life.
*Traditional Bachelor of Science in Nursing
RN-BSN Completion* 

> **Psychological Science**

Seek to understand human behavior, support human development, and provide services that improve lives.

> **Small Business Management** 

Apply your determination, entrepreneurial ingenuity, and talent toward your dream of running your own business.

YOUR DEGREE OPTIONS RIGHT HERE.

ASSOCIATE DEGREES

A stepping stone to a bachelor's degree, an associate degree can help you jumpstart your career.

> **Accounting Technology**

> **Business Management Technology** 

> **Digital Business Systems** 

> **Marketing Management Technology** 

> **Computer and Information Technology**

> **Computer Technology**

> **Criminal Justice**

> **Electrical & Computer Engineering Technology**

> **Engineering Technology**

> **Mechanical Engineering Technology**

> **Prekindergarten Education** 

> **General Studies**

> **Technical Study**

MASTER'S DEGREE

The fully online Master of Science in Criminal Justice offers a unique program to advance your career and impact your community. With concentrations in Administration and Crime Analytics, you will gain a solid foundation of advanced academic and field knowledge that can be applied in your career today or tomorrow.

 *E-Campus Online Degree*

> *Bachelor's degrees are typically four years of full-time study. Previous college or military credit may decrease time to completion.*

> *Associate degrees are typically two years of full-time study.*

YOUR PATH TO OXFORD.

Even with a variety of outstanding bachelor's degree options at Miami Regionals, you may find yourself wanting to explore an even greater range of disciplines and degrees. So keep in mind that starting here and then relocating to our main campus is an option. **Talk to an advisor about creating your path to Oxford.**

PRE-PROFESSIONAL PREPARATION

Choose from the majors listed, then work with a faculty advisor to design your course of study. Miami offers preparation in:

Dentistry	Optometry
Environmental Studies/Forestry	Pharmacy
Law	Physical Therapy
Medicine	Veterinary Science

*Co-Majors

These majors are a special category called "Co-majors." First, you must enroll in a primary major, then you can select a co-major as a complement to your major.

Our list of majors and minors continues to evolve, so please visit [MiamiOH.edu/Regionals/Majors](https://miamioh.edu/Regionals/Majors) for details and descriptions.

Some programs are competitive and selective and have separate admission requirements.

FROM WHERE YOU ARE →

→ **TO WHERE YOU WANT TO BE.** →

HIGH SCHOOL STUDENTS

At Miami Regionals you truly can have it all - from competitive athletics teams, to student organizations and study abroad opportunities. We are the perfect fit for students looking for a unique blend of top academics at an affordable price close to home. And with faculty and staff dedicated to your success, you can feel at ease. Picture yourself in our student commons area - relaxing, chatting with friends over coffee or cramming for your next exam.

WHEN I CAME TO MIAMI HAMILTON, IT WAS LIKE SOMEONE HAD THROWN ON A GIANT WELCOME SWITCH JUST FOR ME. I FELT INSTANTLY AT EASE. MIAMI IS SO AMAZING AND PROFOUND. I CAN'T HELP BUT GROW.

—KENZIE BRYANT, '17

TRANSFER STUDENTS

You can have a smooth transition and continue your educational journey with us. You've already worked hard, passed exams, earned credits and completed projects. Don't stop now. Let us evaluate the credits you've already earned and map out your road to degree completion.

Amberly Larkin, '16

Nursing

Like many first-generation students, her family couldn't really help her prepare for college. Fortunately, one of her high school teachers encouraged her to push on and chase her dreams. And today she's doing just that.

"I DIDN'T REALLY KNOW WHAT WAS OUT THERE, BUT IT WAS CLOSE BY, SO I COULD STILL LIVE AT HOME. I WENT WHERE I FELT COMFORTABLE, AND I'M SO GLAD I'M HERE."

ADULT LEARNERS

Whether you're looking to get a promotion or a new career altogether, let us help you create and build a unique pathway based on your ultimate career goals. Your time is valuable. We get that. That's why our flexible class offerings can meet your needs. Our in-demand degree options and your life experience can provide you with opportunities in a variety of progressive career fields.

"I WASN'T SCARED OF WORKING THE NIGHT SHIFT IN THE POLICE DEPARTMENT IN HOUSTON, BUT I WAS SCARED OF GOING TO COLLEGE. MY PROFESSOR HELPED ME BELIEVE I COULD DO THE THINGS I FORGOT I COULD DO."

—APRIL JONES, '18

ONLINE STUDENTS

We enable you to reach higher, by providing you with access to ultra-flexible, high-quality courses and even full degree programs online. Our E-Campus program is consistently ranked as one of the best online schools in Ohio—with the advantage of also being regionally accredited. A powerful combination empowering you to earn a widely recognized Miami University degree wherever you are. On your terms. On your timeline.

MILITARY FRIENDLY IS OUR MISSION.

Quentin Jones, '18

United States Army
Integrated Social Studies—Education

Quentin wasn't sure he'd ever step foot in a classroom again after high school. But four years of serving in the military, which involved deployments in Iraq and Kuwait, taught him that he was ready to take on anything. So he embarked on a new path at Miami Hamilton and is now studying to become a high school teacher—a choice he says took many people by surprise. Quentin loves the small-town atmosphere at Miami Regionals, meeting other nontraditional students and serving as Miami Hamilton's student veterans representative and as the president of the Student Veterans Association. "It goes back to wanting to help people," he said, "and the veterans are my kind of people."

Questions? Reach out.
RegVeterans@MiamiOH.edu

Jessica Rollins, '16

United States Navy
Liberal Studies

When Jessica served in the Navy, she noticed that many of her fellow servicemembers were struggling with addiction, and she wanted to help. After settling in Ohio with her husband and three children, Jessica began her path toward a career in addictions counseling for servicemembers and veterans—starting with a liberal studies degree at Miami Hamilton. With the campus located just five minutes from her house, a diverse student body, and wonderful professors in the Department of Interdisciplinary and Communication Studies, Miami was an easy choice for her. While she was here, she got involved in the Student Veterans Association and the Campus Kids program, where she took her youngest child. She even gained work experience while pursuing her degree—something Miami's flexible schedules made possible.

"SINCE MIAMI WAS FIVE MINUTES FROM MY HOUSE, I COULD GET MY DEGREE AND DO WHAT I WANT TO DO AND MOVE ON WITH MY LIFE."

★ ★ ★

WE'RE HONORED BY THE SERVICE OF OUR VETERANS.

And we're proud to have been designated a "Purple Heart University" by the Military Order of the Purple Heart for providing outstanding academic and personal support to those who've served. Our Center for Veterans Services are located on both the Hamilton and Middletown campuses to provide support for the best possible college experience and future success for our student veterans and their families as they transition to civilian life, seek financial assistance, and navigate the challenges of higher education.

ALLIE BURTON, '17
Nursing

SAVANNAH GEIER, '16
Civic and Regional Development

ERIN MCGALL, '17
Nursing

She started at Miami Middletown right out of high school. Then life got in the way. Ten years later, she picked up where she left off. Won the Alumni Nursing Scholarship. And she's on track to finish strong.

KENZEL PATTERSON, '18
Community Arts

GRAEME GUINUP, '17
Mechanical Engineering Technology

Transferred to Miami Hamilton with half a degree. Fortunately, he was able to bring his earned college credits with him. Now he's close to getting his whole Miami degree. And starting a career.

Our geographic reach expands all across Southwest Ohio. Our virtual reach expands worldwide—online. So you can finish a bachelor's degree right where you want to, wherever you are.

DR. MARK KREKELER
Associate Professor of Geology
and Environmental Earth Science

Who knew the yellow painted stripes down the middle of the road could be harmful to river inhabitants? Dr. Krekeler and his students, that's who. It's one of the many research discoveries in Mineralogy and Environmental Science they've made over the years. He encourages new thinking. And collaboration. Especially between undergraduate and graduate students. Teams formed here frequently go on to present their projects at regional and national scientific conferences.

"I think of Miami Hamilton as the smart school. Convenient, economical and a great education. Students come here from all walks of life, and we are united in our desire to improve our lives."

—Jaree Naqvi, '15
accepted to medical school in 2016

**32 MILES FROM
CINCINNATI.
A WORLD AWAY
FROM ORDINARY.**

A small campus with huge impact— in the heart of Butler County, just blocks away from shops, dining, art, cultural events, businesses, government agencies and nonprofit organizations. This is where nearly 5,000 students are free to learn, grow and expand their horizons. It's an incubator for problem-

solvers, innovators, community leaders and specialists in the region. With a world-class conservatory (containing the largest collection of exotic plants in Butler County), a modern conference center and a 56,000-volume library, it's where you'll find countless ways to enhance your educational journey.

WHERE CULTURE AND COMMUNITY MEET IN THE MIDDLE.

A short 35-minute drive from Dayton, you'll find our first regional campus, which also happens to be the very first regional in Ohio—for any university. Established in 1966, this campus is nestled in 141 acres of tranquil woods not far from the lively heart of Middletown, a city known for its festivals, sports tournaments and theater productions. Miami Middletown is a spirited community of more than 3,000 passionate

individuals, which includes a vibrant population of international students. Well-equipped with everything you need, this is an outstanding place to settle in, and to open your mind and search for big ideas. An ideal place to kick-start your education in one of our nationally ranked programs, or get off the main road and design your own path to a new career. **A new you.**

DR. JANET MARSHALL

Lecturer, Department of Chemistry and Biochemistry

Professors at Miami Regionals are always looking for ways to make the classroom more engaging. Like Dr. Marshall, who won a statewide outstanding teacher award for 2014-2015. She uses iPad applications to model chemical compounds and experiments, visually bringing organic chemistry to life for students. Professor Marshall even developed a popular new course on chemistry and food. And because her teaching style is so effective, many of her students go on to graduate programs and score above the 90th percentile on the American Chemical Society's national exam.

"I came out of Miami well-prepared. And that preparation began with the foundation I received from the Middletown campus."

—Brian George, '16

VOICE OF AMERICA LEARNING CENTER IN WEST CHESTER

A SHORT COMMUTE TO A LIFELONG CAREER IN HEALTH CARE.

Located just off I-75 in Middletown, you'll find what you're looking for. A resource for students of all ages. Where they can reinvigorate their careers in healthcare and science. It's the Greentree Health Science Academy, a contemporary facility well-

equipped with all of the labs, classrooms and resources to support our highly regarded BSN program. Here you'll be surrounded by supportive faculty and driven peers all working toward their goals.

GREENTREE HEALTH SCIENCE ACADEMY IN MIDDLETOWN

MEET US HALFWAY.

Located midway between Cincinnati and Dayton, this center is a modern, 23,000-square-foot facility where undergraduate students can complete general education Global Miami Plan courses and graduate students can focus on

business and education programs. An alternate location that provides you access to the high quality resources you need, including meeting rooms, study nooks, computer labs and a 152-seat auditorium.

KELLY STARR

Student, Associate of Applied Business
Accounting Technology & Business Management

“Not only am I learning coursework, but I’m learning things I’ll need to use in real life.”

Kelly Starr, retired from automotive sales, is using those real life skills to grow “Bang Bang Customs,” a motorcycle customs business in Fairfield that she founded as she started pursuing her degree. While other groups in her online Small Business Management course were creating marketing plans for imaginary companies, Kelly was creating a marketing plan for her actual business.

YOUR GOALS WITHIN REACH.

Your college education is one of the most important investments you will ever make. We take that seriously. How to finance your college education is one of the first questions students and families ask. Miami Regionals already offers students a tuition rate that's lower than most comparable institutions. And that helps your bottom line. Our staff supports students through their financial aid application process. The first step? The Free Application for Federal Student Aid (FAFSA). With your income information from two years ago, this free application is the start to determining your eligibility for need-based financial aid.

One Stop
513-217-4111

From there, if our staff needs more information to process your financial aid, they'll let you know. Once you complete the financial aid process, you'll be notified of your financial aid award. More than half of our students receive some level of financial aid.

Miami Regionals has over \$1 million in scholarships available to incoming and continuing students through the generous gifts from donors and institutional awards. We encourage all students to complete the FAFSA each academic year to maximize scholarship opportunities.

RegOneStop@MiamiOH.edu
MiamiOH.edu/OneStop

THE FAFSA

First things first. Fill out the Free Application for Federal Student Aid (FAFSA) to find out if you qualify for educational funds.
fafsa.gov

WHAT IS AN EFC?

An expected family contribution (EFC) is based primarily on your family's income, from two years prior combined with assets, family size and number of family members enrolled in college. The lower your EFC, the higher your aid package could be.

FAFSA APPLICATIONS OPEN ONLINE

OCTOBER 1

PRIORITY FILING DEADLINE FOR STUDENTS

<i>Ohio Residents pay the same affordable in-state tuition rate at Miami Regionals locations.</i>	Undergraduate, fee per credit hour: \$350
E-Campus fee per credit hour: \$35**	Graduate, fee per credit hour: \$525

***Ohio Residents only.*

DON'T KEEP YOUR FUTURE WAITING.

You may not know what your path looks like yet. Whether it'll be a direct path—straight and narrow—or an amazing, winding exploration through your passions that leads to a new career or a new life. But you know you want to get started, right? So let's start there. You will have lots of opportunities to figure out the rest as you go.

MiamiOH.edu/Regionals/Apply

VISIT

See for yourself what Miami Regionals offers! Register to attend one of our visit programs on campus or check out our online information sessions for E-Campus students.

REGIONALS EXPLORATION DAY

Meet current students and faculty, learn about our services and student life, explore our degree programs and enjoy an extended tour across campus in our full RED event.

TALK AND TOUR

Looking for a more personal tour experience? Maybe one of our hour-long, small-group tour experiences is right for you. Talk with our Admission team and take a quick tour of the campus.

> **Submit your application for admission during either program and we'll waive your \$35 application fee!**

Check out our visit options and register for your visit experience today.

CHECK YOURSELF

You're just a few steps away from making a difference in your world. This checklist will help you remember each step in the admission process.

ADMISSION CHECKLIST

APPLY

Go to MiamiOH.edu/Regionals/Apply to submit an online application by the deadline for the term you want to start.

OFFICIAL TRANSCRIPTS

Arrange for schools and colleges to send official transcripts directly to the Regionals campus to which you intend to apply.

- Official high school or GED transcript
- Official transcript(s) from previously attended colleges(s) (if applicable)

STANDARDIZED TEST SCORES

Arrange for your ACT or SAT scores to be sent directly from the testing service. Designate Miami Regionals as one of the schools to which scores should be sent. Our ACT Codes are **Hamilton: 3303, Middletown: 3299**. Our SAT Codes are **Hamilton: 1526, Middletown: 1509**.

Note: If you have been out of high school for two years, or are a transfer student, these scores are not required.

Miami University: Equal opportunity in education and employment.
PRODUCED BY UNIVERSITY COMMUNICATIONS AND MARKETING 9/01/17

As part of the University's commitment to maintaining a healthy and safe living, learning, and working environment, we encourage you to read our Annual Security & Fire Safety Report <http://miamioh.edu/campus-safety/annual-report/index.html> which contains information about campus safety, crime statistics and our drug and alcohol abuse and prevention program designed to prevent the unlawful possession, use and distribution of drugs and alcohol on campus and at university events and activities. This report also contains information on programs and policies designed to prevent and address sexual violence, domestic violence, dating violence and stalking. Each year, email notification of this website is made to all faculty, staff, and enrolled students. Written notification is provided to prospective students and employees. Copies of the report may be obtained from University Police, 513-529-2225.

DEADLINES
