

Bike lane inauguration set

The Bike Lane Inauguration and Freewheeling Friday Ride will be held 4 to 5 p.m. Aug. 22.

Join Miami and Oxford officials to celebrate the completion of long-planned bike and pedestrian improvements on Spring Street and around campus. Following a ribbon-cutting at Bachelor Hall, a community ride will inaugurate new bike lanes and other off-street paths on a loop through campus and Uptown (Spring, College, High, Patterson).

Pedal with students, faculty, and community members to mark the progress toward a bike-friendly community. Refreshments and prizes immediately following.
