

Tour the new Western Dining Commons

Noon-1p.m., Tuesday, Sept. 23
UPAC's first Networking Lunch for 2014-2015

Nancy Hunter Heidtman, Senior Director of Dining and Culinary Support Services at Miami, will host a tour of the new Western Dining Commons at noon Tuesday, Sept. 23, for UPAC's first networking lunch of the year. Western Commons is located on the right side of Western Drive if you come by way of Bachelor Hall. It's tucked back behind Stonebridge and Havighurst residence halls.

Western Commons is à la carte, but it will offer those attending the UPAC* lunch a one-price menu option at the Grill & Roast Station. Once you've bought your meal, please join us in the reserved lower dining area. Someone will be on hand to direct you.

After lunch, Nancy will tell us more about Miami's newest dining facility and answer your questions.

Western Commons offers 6 menus to choose from:

•**Allergen Free Station.** Here the food served is free of gluten and the top eight allergens (dairy, eggs, peanuts, tree nuts, fish, shellfish, soy, wheat). You can choose from ready-made items and made-to-order options.

•**Greystone.** A market, Greystone offers a large variety of groceries with an emphasis on natural and organic items. You can also choose from fresh salads and sandwiches prepared and packaged at Miami's Culinary Support Center.

•**Grill & Roast Station.** This station provides hearty options, serving locally sourced sirloin steak, flatbread pizza, potpies, Sriracha chicken wings, salmon, and more. Add roasted vegetables, potato casserole, or a grilled Caesar salad to round out your meal.

•**International Station.** Choose from a combination of customizable and ready-made items inspired by the cuisines of India, Italy, Greece, France, Thailand, China, Korea, Japan, Mexico, Jamaica, and more.

•**Salad & Deli Station.** Salad, sandwiches, and soup come together at this location. Traders' Greens salads are built to order from a selection of more than 50 toppings.

•**Tea Hive.** Sip on your favorite tea by the cup or the pot. You can choose from a rotating selection of loose-leaf teas. Bakery treats, sandwiches, and tea-based smoothies are also available.
