

## Research on Eating Disorders and Suicide (REDS) Laboratory

<https://tinyurl.com/redslabmiami>

Application for Undergraduate Research Assistant position

Our work examines how biological and psychological risk factors contribute to disordered eating and suicidal behavior. Additionally, our lab's research explores the high rates of suicidality and self-injury among individuals with eating disorders.

Applicants to this lab should be hard working and responsible. Lab requirements include:

- **Ability to work in the lab for 3 credits per semester (approximately 9 hours/week), for a minimum of two semesters.**
- **Attend weekly lab meetings, which are Fridays from 1:15-2pm.**

This lab will provide students with excellent clinical research experience. To apply, we recommend you have a GPA of 3.3 or higher.

This application must be totally complete in order to be considered. In addition, please provide a recent resume or curriculum vita if you have one.

When you have completed the application, please send all materials to:

**Shruti Shankar Ram**
