Requirements for Pick-up:

- 1. All containers must be labeled with chemical names. Chemical formulas, structures and abbreviations will not be accepted.
- 2. All containers must be in good condition. Containers with cracks, leaks, or missing caps will not be accepted.
- 3. Containers must be compatible with the materials they contain.

Chemical Waste Certification:

The below signed hereby certifies that the information on this document is accurate and that all waste containers are labeled to correctly identify their contents. Improper disposal of chemical waste is a violation of State and Federal law.
