CHOOSING CLASSES: The courses listed above are required for your major or track unless otherwise noted. You will need to choose non-IMS classes to fill in blanks in the table above. For example, all ETBD students need to take a *Social Science, Biological Science, English, and Fine Arts* course outside of ETBD. Depending on your track within games or ETBD, you may need to fill additional areas (e.g., *Physical Science, Thematic Sequence*).
